

Scientific Research Deanship

“Series Talks on Toward Research University”

You are cordially invited to two talks by **Associate Professor Dr. Omer Nur**, Linköping University, Sweden as follows:

Date: **12 July 2012 (Thursday)**

Venue: **Al-Shahid Hall, Western Wing (Mugran Campus), Sudan University of Science and Technology (SUST)**

10.00-12.00 PM **Past, Present and Future of Nanotechnology**

12.00-1.00 PM Refreshment and Open Discussion

1.00-3.00 PM **Toward Research University: European Exercise**

About the Speaker:

Omer Nur; graduated from the Physics Department, Faculty of Science, university of Khartoum with B. Sc. Honors in 1986. He then worked as a teaching assistant until 1990. He then joined the Department of Physics and Measurement Technology, Linköping University, Sweden, as a Ph.D. student which he successfully completed in 1996 when he obtained his Doctor of Philosophy in Electronic Devices (Physical Electronics). He then moved to Chalmers University of Technology as a post doc for two years. In 1998, he was appointed as senior research engineer. In 2002 he was promoted to associate professor. In 2004 he moved to the Physics Department in Gothenburg University as senior researcher. In 2007 he

moved to Department of Science and Technology, Campus Norrköping, Linköping University, Sweden. His current research interest is on the synthesis and device application of Zinc oxide nanostructures for technical and medical applications. Dr. Nur has published and contributed to about 220 scientific articles.
